

# Innovation Fund Process

- The Population Health Strategy Committee (PHSC) of the OneCare Board of Managers (BOM) provides Management with guidance on priority areas, criteria, eligibility, and evaluation
- Management drafts Requests for Proposals (RFP)
- GMCB, BOM finalize OneCare Budget; final determinations on innovation funding availability made
- RFP released to all 2019 OneCare Network Participants and Collaborators
- OneCare Management conducts initial screening
- PHSC selection committee reviews highest scored applications and develops priority list
- PHSC reviews selection committee priority list, develops slate of projects and makes recommendations to BOM for approval

# 2019 Areas of Interest for Innovation Fund

1. Improving access to care
2. Improving mental health and/or substance used disorder prevention, screening and/or treatment
3. Advancing care coordination for high risk individuals through innovative programs addressing the social determinants of health
4. Improving the health of individuals with multiple chronic conditions
5. Slowing the incidence of chronic disease
6. Improving patient experience of care
7. Transforming systems of care by aligning or integrating care across organizational boundaries
8. Using technology to provide care in new and different ways
9. Eliminating inequalities in health
